

*“Providing a Balanced Approach to Natural Resource Management”*

## Position Announcement: Planning Forester

Northwest Management, Inc., a full-service natural resource consulting firm based in Moscow, Idaho, is seeking resumes from motivated individuals looking to work in a high-impact environment of natural resource consulting and planning. Our team is seeking an experienced forester/planner to support Northwest Management, Inc., with client-service requests throughout the Pacific Northwest. This position will require a self-motivated individual who enjoys large-scale planning efforts, meeting with landowners, working with a variety of stakeholders, public speaking, and more. This position requires monitoring of project status including, timelines, budgets, reporting, plan development, and project costs. Ability to work independently and with minimal supervision to improve project and team efficiency. This position may require travel and should anticipate work away from Moscow for approximately 10% of the year.

**Status:** Full Time, Salary

**Pay Rate:** Based upon education and work experience

**Time Frame:** Projected start date is July/August 2022

**Location:** This position will report to our corporate office in Moscow, Idaho.

**Direction:** This position will work under the direct supervision of the Environmental Planning Manager.

### Primary Duties Include:

- Provide professional planning services to a variety of clients including private landowners, local governments, state and federal agencies, and tribal partners among others. These projects commonly include, but are not limited to:
  - County Natural Hazard Mitigation Plans
  - County Community Wildfire Protection Plans
  - Various NEPA documents
  - Forest Management Plans
  - Conservation Easement Baseline Reports
  - Forest History Reports
  - Large scale wildland fuel reduction projects
- Provide professional forestry assistance to our clients who require higher-level planning than a typical timber harvest which would fall under the following core business services:
  - Forest Health
  - Forest Improvement
  - Professional Service Work
  - Wildfire Hazard Reduction
  - Geographic Information Service

### **Minimum Qualifications:**

- A Bachelor's degree in a natural resource or planning discipline, plus three (3) years related work experience and/or training.
- Demonstrated team leadership, conflict resolution, project innovations, and client-interface skills related to the core requirements of this position.
- Ability to read, analyze, and interpret technical journals, governmental regulations, and other reference material.
- Ability to write reports and correspondence.
- Ability to effectively present information and respond to questions from other employees, managers, vendors, customers, and the public.
- Excellent client/customer service and ability to speak effectively to co-workers, current and potential clients, planning team members, the public, and others as needed.
- To perform this job successfully, an individual should have knowledge of standard computer programs including Microsoft Office products and ArcGIS.
- Depending on skills and experience, may be asked to assist on other projects within the company.

### **Desirable Skills:**

- National Wildland Coordinating Group (NWCG) certified wildland firefighter.

The geographic working area for this position is predominantly within the Pacific Northwest; however, some projects may require occasional travel outside of this footprint.

### **Closing Date: August 31, 2022**
